### PART-A

#### 1 Section-1 : General Specifications

1.1	Scope.....	1
1.2	Applications.....	1
1.3	Site conditions.....	1
1.4	Documentations supplied with offer.....	1
1.5	Warranty Statements.....	2
1.6	Training .....	2

#### 2 Section -2 : Technical Specification of Generator Set

2.1	General.....	3
2.2	Noise and Vibration .....	3
2.3	Acoustic Enclosure (Canopy Requirements).....	3
2.4	Guards.....	3
2.5	Standard.....	4
2.6	Wiring and conduits.....	4
2.7	Labelling and fixtures.....	4
2.8	Finish .....	4

#### 2 Section -3 : Technical Specification of Diesel Engine

3.1	Engine Type.....	5
3.2	Engine Rating: Sizing.....	5
3.3	Cooling System .....	5
3.4	Lubrication System.....	6
3.5	Engine Starting System and DC System .....	6
3.6	Fuel System.....	7
3.7	Governing System.....	7
3.8	Intake Air System.....	7
3.9	Exhaust System and Silencer.....	7
3.10	Coupling Arrangement.....	8
3.11	Engine Protective Devices.....	8
2.12	Engine Conformances Standard.....	8
2.13	Accessories.....	8

#### 4 Section-4:Technical Specifications of Alternator

4.1	Scope.....	9
4.2	Type.....	9
4.3	Rating.....	9
4.4	Construction.....	9
4.5	Excitation System.....	9
4.6	Automatic Voltage Regulation (AVR) .....	9
4.7	Wave Shape.....	10
4.8	Overload And Short Circuits.....	10
4.9	Efficiency.....	10
4.10	Sensing Abnormal Condition.....	10

#### 5 Section -5: Technical Specifications of Generator Control Panel

5.1	General.....	11
5.2	Control and Display unit (Electronic Card).....	11
5.3	Automatic Battery Charger .....	12
5.4	Protections Devices .....	12
5.5	Terminals .....	13

#### 6 Section-6: Document and Drawings

6.1	Gen-Set.....	14
6.2	Engine And Alternator.....	14
6.3	Control Panel.....	14
